## Railroad Bridge For Sale

**WFEC Railroad Company** is accepting proposals from interested Parties for the purchase of a used/excess 60' skewed steel through plate girder railroad bridge. Concrete ballast pans are also available for the bridge. The span was placed in service in 1997 and removed in 2006 due to a highway widening project. It is a Cooper E-80 live load rated bridge and has had approximately 14 million gross tons of traffic use.

The bridge is located at Western Farmers Electric Cooperative's Hugo Facility near Fort Towson, OK and is being sold "as-is, where-is". On-site inspection of the bridge is available on an "as-requested" basis.

Proposal packages, containing bridge drawings and photos may be obtained by contacting

Dan Fleming: (580)873-2201 ext. 135  
[d\\_fleming@wfec.com](mailto:d_fleming@wfec.com)

or  
 Ben Wetherill: (580)873-2201 ext. 140.  
[b\\_wetherill@wfec.com](mailto:b_wetherill@wfec.com)

WFEC RR Company reserves the right to accept or reject any or all bids.
